MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Recommendations of the Scientific Advisory Board.

1. The third meeting of the Scientific Advisory Board was held on June 29, 1964. In addition to being briefed by various Agency components, the Board held an executive session attended by Dr. Wheelon. During this time, status reports and recommendations were presented by representatives of the various sub-Panels to the Board. (See attachment 1 for an organization chart of the Board, the Panels, and the members of these groups). A condensation of the proceedings of this meeting follows:

A. Optics Panel 25X1A 25X1A

25X1A

(1) Recommended providing ██████████ with approximately \$██████████ to investigate the theoretical/feasibility demonstration area of image reconstruction techniques.

(2) Recommended instituting a program to apply computer technology to optics, so as to produce instruments for routine image reconstruction.

(3) Recommended establishing an in-house optics laboratory at CIA Headquarters. The Optics Panel would aid by attempting to persuade outstanding men in this field to take sabbatical leaves in order to help set up the laboratory.

(For further details see attached report of Optics Panel activities).
